**SUKHI STORY**

**Name :** Jyothi  
**MFI :** Grameen Koota  
**Branch :** Mysore 3  
**MFI ID :** 978535  
**MDS Card ID :** 4000865401

Jyothi was diagnosed for Bartholin cyst she underwent an Operation in our network hospital namely Nanjangud Clinic at Nanjangud, where she was operated successfully and treated with adequate care.

Ms. Jyothi quotes her experience at the Hospital in her own words "I was treated with good care, the Doctor and the Nurses took good care of me and looked after me well. I am fine because of the care and treatment rendered to me. I did not spend anything on this hospitalisation as I was enrolled with MDS Health Care Card with Grameen Koota."

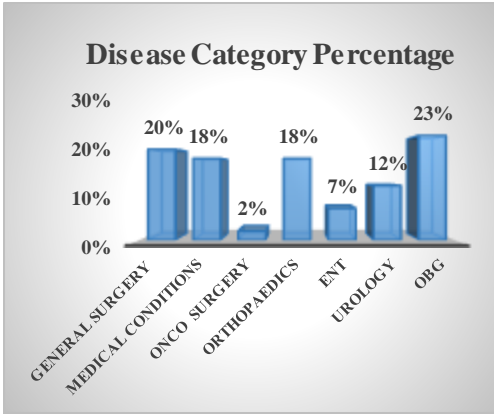

Disha Hospital, is a Multi- Speciality Hospital which was opened to cater to the growing need and benefit to serve the poor and downtrodden with affordable and easily available quality healthcare in 2014.

The World Bank Group's Development Marketplace (DM) Program is designed to surface and support scalable, non-state solutions to the most pressing social, environmental and economic problems across the developing world. The program funds approximately 10 competitively selected organizations with grant funding of US\$150,000 each to scale up or adapt existing service delivery models that can address local basic service delivery challenges at scale in the North East Indian States of Assam, Mizoram and Meghalaya.
